2nd verse

(speak)

It is possible f we look around, plants and trees are dying, falling to the ground.
Up pops a seedling, add another sprout, living things recycle why would we be left out?

(sing)

All I know, is that we're given, once at a time this life that we're living.
So many lessons I want to learn, I like thinking there's more time to burn.

3rd verse

(speak)

Once I left my body, and I did fly, back to the Earth new light in my eye.
I don't have proof, but there's no doubt, I guess it's for some to know, and others to find out.

(sing)

I really love it hereI hope when my body's gone, toI hopeI can come back fresh rejoin
the fold.

'Ti finally! I learnt all an' finally shake this body off, soaring upward lig (*eagle*)
